M. Luis Construction Co., Inc. and M Luis Products, LLC is a woman and minority-owned, multi-generational, and regionally recognized asphalt manufacturer and construction services company. We employ an inclusive group of educated professionals, engineers, and construction specialists, focusing on solving customer's challenges by providing high-quality products and exceptional service. We help our clients by developing and providing solutions to meet various deadlines, specifications, and budgets. Since 1985, M Luis has successfully and safely manufactured hundreds of thousands of tons of quality asphalt and paved thousands of lane miles of roads and highway.

As part of our efforts to provide high quality products and exceptional service, M Luis Products, LLC is looking to bring on board an Experienced Quality Control HMA Field Technician. The Quality Control HMA Field Technician is to conduct tests to determine quality of raw materials, bulk intermediate, and finished products; may conduct stability sample tests. The ideal candidate has prior work history in construction, contracting, or a related field.

Job Description - Duties and Responsibilities include, but are not limited to:

- Test HMA (Hot Mixed Asphalt) for mix properties and adherence to specifications, at our plants and in the field on job sites.
- Report to paving worksites to perform asphalt compaction testing.
- Work independently with a paving crew sampling and cutting cores in placed asphalt to test for density.
- Testing for liquid content, specific gravity, compaction, gradation and temperature.
- Test aggregates for gradation and consensus properties.
- Additional duties as assigned.

Work Activities include:

- Entering, transcribing, recording, storing, or maintaining information in written or electronic form.
- Observing, receiving, and otherwise obtaining information from all relevant sources.
- Monitoring and reviewing information from materials, events, or the environment, to detect or assess problems.
- Inspecting equipment, structures, or materials to identify the cause of errors or other problems or defects.
- Providing information to the supervisor, co-workers, and subordinates by telephone, in written form, email, or in person.

Job Requirements:

- Valid driver's license and satisfactory driving record required.
- Attendance required according to company attendance policy to ensure crews can operate at normal efficiency level.
- Attitude/Cooperation, must always maintain a courteous and professional manner with co-workers, customers, and public.
- Ability to be flexible with last minute schedule changes, location changes, time of shift changes. Overtime work may be required.
- Job requires the following motions: stretching, bending, lifting, pushing, pulling, twisting, walking, standing, reaching, and squatting.

Work Environment:

- Physical ability to work under temperature extremes and for extended hours of time. Normal shift is 8-10 hours.
